

UW-Madison Dairy Brain Newsletter April

The series of opinion articles from the Dairy Brain CIN are being published at Hoard's Dairyman.

At our last meeting of the Dairy Brain Coordinated Innovation Network (CIN), we agreed on writing a *series of opinion articles* to start the *discussion about Data in the Dairy Industry*. This series of articles are being published in the Hoard's Dairy Magazine:

1. Help us help you make better use of dairy data.
Published February 10, 2020 ([Link to the article](#))
2. Farming out data-driven decisions. Published March 25, 2020 ([Link to the article](#))
3. Data: Think big, but start small. Published April 10, 2020 ([Link to the article](#))
4. Making data work on the farm. Published April 25, 2020 ([Link to the article](#))
5. [Creating value from data. To be published May 10, 2020](#)
